# Endless Possibilities

TCHIP

# Design Evolution

Trax Drapery Hardware was founded on the principle that innovation, design and quality do not need to be sacrificed to provide exceptional value. Offering a wide range of in-stock and ready to ship hardware, Trax Drapery Hardware has evolved and developed an extensive range of exclusive products, designs and colors. The Slim Line Collection is a follow-up to Trax' Iconic Collection, featuring new patent-pending SmartSet™ Technology, continuing this tradition of innovation by simplifying the installation process while respecting the customer's expectations of design and value.

The Slim Line Collection is the latest addition to the Trax Drapery Hardware range of products. The collection offers five designer colors. From

modern to elegant, every curve has been designed to enhance any room decor. Every color has been carefully selected, from Polished Nickel to Matte Black and Brushed Brass combinations, the design possibilities are endless.

Offering the widest range of components and accessories, the Slim Line Collection has been engineered for installation precision. Trax's new patent-pending SmartSet™ Technology offers easy to install channel rods.

We hope that the Slim Line Collection will meet our discerning customer's design needs and continue in our never-ending goal of achieving design evolution.
